standard

New motor for Smallmill built-in grinder

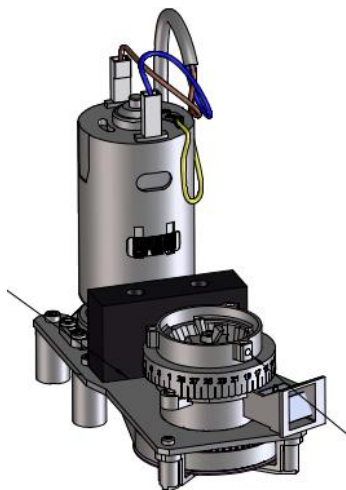

In future, we will be purchasing the Smallmill grinder from the Siamonie Smart series with a new motor.

Both the nominal performance data of the motor and the grinding performance of the grinder itself are identical to its predecessor
identical to those of its predecessor. The grinder therefore delivers the same consistent grinding results.

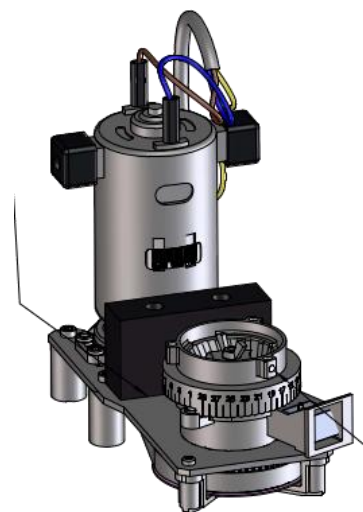

The new grinder can be recognised by the modified connection cable attachment.

The new grinder will be inserted in the series from production **week 35/2025** with **machine number 90569671**.

Previous grinder

New built-in grinder

The grinder is compatible and can be ordered as a spare part under the following item numbers if required. An additional parts kit is not necessary.

417 01 010 00	Grinder Small Mill left front.
417 01 011 00	Grinder Small Mill right front.
