Machine type/s:

TI3019

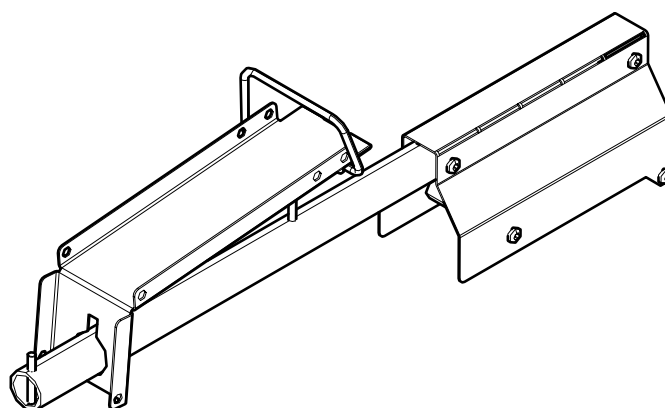

HG SiGusto NX

Holder for drinks dispense head with 7 outlets

When technical improvements were made to the SiGusto NX in 2017 the new holder for the drinks dispense head with 7 outlets (part no. 412 00 184 00) was introduced and installed in the series.

If you have a SiGusto NX which was manufactured before Week 47/2017 (serial no. 90460734), the existing dispense head should be replaced by the current version, as should the dispense head arm (part no. 412 01 338 00 - DISPENSE HEAD ARM ASSEMBLED.)
