

TECHNICAL INFORMATION

27. August 2020

TI0620

Machine type/s:

FS / SÜ / SN48 / GF 75 / GF 99 / GF XL / FK

Series software for Sielafl snack and cold drinks machines

The features listed below apply to all machine types:

Vending process

An error in the MDB-protocol has been eliminated.

Payment systems

Processing cash sales on machines with cashless payment systems fitted has been revised.

Payment using alternative payment types (cashless) has been optimised.

Communication via MDB-interface has been improved.

Price list selection via MDB-Level 2 has been optimised.

Cashless payment funds are only credited once the banknote has been securely stacked.

Executive

The implementation of "Executive" protocol has been enhanced.

MDB

MDB-protocol has been extended with "MDB-Light".

BDV

The implementation of "BDV" protocol has been improved.

Irda

The error occurring when selecting different baud rates has been eliminated.

Compatibility with previous versions

Incorrect texts on old displays have been eradicated

Special functions for FK

The design illumination for FK 185 machines can be configured (in the same way as the HG 20 Trend).

TECHNICAL INFORMATION

FK current series software (from serial no. 90507960):

Machine	Control board	Software
FK	M32	FKMKj618.pat

FS / SÜ / SN current series software (from serial no. 90507965):

Machine	Control board	Software
FS / SÜ / SN/Softdrop	M32	FSMKj618.pat
FS /SÜ LM	M32	FSMKj618.lm

Robimat 75 / 99 current series software (from serial no. 90507962):

Machine	Control board	Software
Robimat 75 / 99	M32	FSMKj618.rob
Robimat 75 / 99 LM	M32	FSMKj618.rlm

Robimat XL / XM current series software (from serial no.: 90507974):

Machine	Control board	Software
Robimat XL / XM	M32	ROMKj618.pat

The Software-Updates detailed can be obtained free of charge from our Download-Centre (<https://www.sielaff.de/kunden-login/>).
