SiDesigner2 22.07.4

The new SiDesigner2 22.07.4 comes with new functions and optimised features. Here are just a few of the latest highlights.

When a new design is created, the foreign-language product descriptions from the previous design can be transferred.

- 1) Plug a USB stick into the vending machine.
- 2) Save the previous design on the USB stick.
- 3) Plug the USB stick into the computer.
- 4) In SiDesigner, select [Edit] → [Upload product information].
- 5) Select the file Products.csv from the USB stick.
- ✓ The previous translations of the product names are transferred.

We have improved the text colour adjustment function.

Installation

We have simplified the SiDesigner 2 installer.

User interface

We have removed the Edit → Undo and Edit → Redo buttons.

We have created a New button with Sielaff designs for HO Siamonie and HO Siamonie Smart vending machines.

Download

You can find the latest software on our website in the [Download Centre](#).
