Re-designed "Grounds container holder"

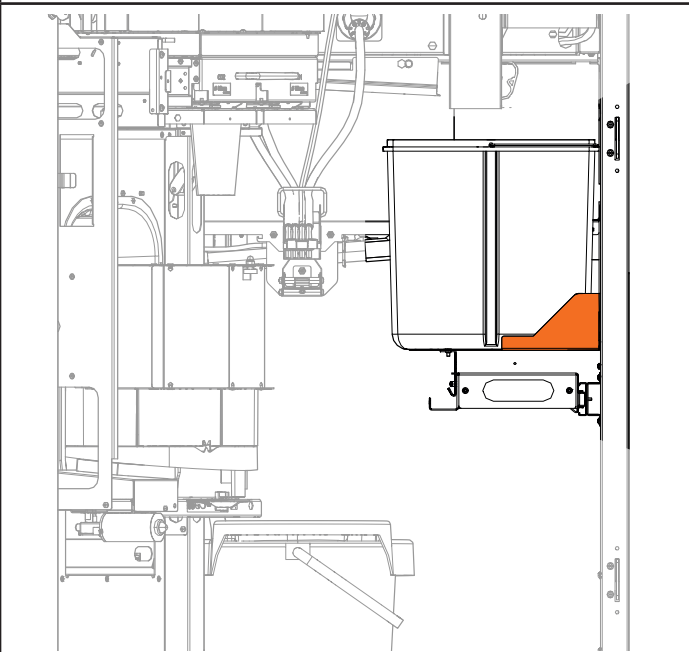

As we continually endeavour to improve our products the holder for the grounds container has been modified.

The shape of the holder, (part no. 412 00 016 00), has been re-designed so that the grounds container can only be positioned correctly.

Previous:

New

The new holder has been in serial production since Week 16/2019, machine number 90479445.
