Machine type/s:

SiVend 20 Trend

Print template for product decals

In future we are offering you the opportunity to create your own product decals for the SiVend HG 20 . Up to 28 different product decals can be selected and labelled as you wish.

The template can be found in the Download Centre <https://www.sielaff.de/download-center/> under: *Hot drinks solutions - Free-standing units - SiVend HG 20 Trend - Instructions*

TECHNICAL INFORMATION

For perfect results the product decals should be printed on the following material:

Material type:	Diafoil
Trade name:	Aurolux Blacklit Solvent WF 150
Characteristics:	glossy
Manufacturer's product number:	3566

Of course you can submit your artwork to our supplier in order to have your decals produced.

Regler GmbH
