1 Safety

General

- Before commissioning the machine, the operating instructions should be read and understood.
- The operating instructions should be readily available for referral at all times.
- When transporting, setting up, servicing and repairing the vending machine, strict adherence to the following rules and guidelines - in their latest version - is essential: Standards set by the appropriate electricity company, UW-accident prevention regulations, trade association guidelines, industrial code, EC guidelines, VDE regulations, observance of the current hygiene regulations, country-specific regulations, Industrial Safety Regulation -BetrSichV, Workplace regulations - ArbStättV

Installation

- The payment module is only suitable for use indoors in dry and heated rooms.

Operation

- This machine can be used by children from 8 years and above and by people with limited physical, sensory or mental abilities or lack of experience and/or knowledge, provided that they are supervised by another person responsible for their safety, or if they have received instructions on how to use the machine and are able to comprehend the dangers resulting thereof. Cleaning and maintenance work on the machine should not be carried out by children without supervision.
- Children should be supervised to ensure that they do not play with the machine. The machine is not suitable for children under 3 years old.

Repair

- Equipment installation and repairs should only be performed by trained service technicians.
- Damaged power cables must only be replaced by the manufacturer, authorised service centre or equally qualified person in order to prevent serious accidents.
- Use only genuine spare parts.

Cleaning

- Do not clean the payment module with a water hose or a high-pressure cleaner.

NOTE:

Any modification or conversion of the payment module is prohibited!
SIELAFF rejects any liability for any defects resulting in this way!
